Covenant 4.(i)	allow external air conditioning units to be installed within four (4) metres of the building line unless obscured by screening or fencing				
Covenant 4.(j)	habitation or occupation of a lot where a Certificate of Occupancy has not been issued for the dwelling upon the lot				
Covenant 4.(k)	the lot to become or remain in an unsightly, untidy, unclean or unwholesome condition or appearance or be used in any manner which would result in an annoyance, nuisance or disturbance to the owners and/or occupiers of any other lot within the plan of subdivision				

GENERAL INFORMATION

All Plans to be submitted in accordance with the covenants contained herein are to be submitted via email to: zuccoli@costaland.com.au .
An irrigation conduit has been provided under footpaths to connect the front yard and verge landscaping irrigation system. The conduit is located 500mm to the left or right of the boundary peg adjacent to the water supply.
To protect the amenity, your investment and minimise unnecessary damage to street infrastructure throughout the home building phase, purchasers are required to pay a 'Verge Protection and Covenant Bond' of \$2,000 at settlement.
Should any damages be caused to verge, footpath or road areas at the front of the property, development fencing or other subdivision infrastructure during the construction of homes on the lots, this will be required to be rectified by the Buyer. Should the damage not be rectified by the Buyer, the cost to rectify the damage will be deducted from the Verge Protection Bond.
On or before 24 months from the Date of actual Completion the Buyer may make an application to release the Verge Protection and Covenant Bond. The application cannot be made by the Buyer until all construction works have been completed on the Lot which complies with all Covenants. The application must include: <ul style="list-style-type: none"> (a) The names of the Buyer(s); (b) The Lot Number; (c) The Date of actual Completion;
(d) Documentary evidence, to the reasonable satisfaction of the Seller, that there has been no damage caused during the construction of the Buyer's home to the verge, footpath, road, Development Fencing or to any other Project infrastructure ('Rectification Work').
Buyers should discuss these requirements with their home builder and emphasise to them the importance of preventing damage or taking steps to repair damage if it occurs. Zuccoli Aspire is your neighbourhood and your community. Your support in keeping it a pristine environment by managing your home builder is appreciated.
